

HHC INCLUSION & DIVERSITY POLICY

The position of Hawthorn Hockey Club (“HHC” or the “Club”) is that social inclusion is about making sure everyone is able to participate as valued, respected and contributing member of society. It is also about the acceptance and equal treatment of members of the wider community regardless of their gender, gender identity, sexuality, age, disability, religious or cultural background, or other attributes that may lead to people feeling excluded or isolated.

HHC values and embraces diversity.

The Club considers a mix of human differences is essential to growth and development of our organisation. We understand the contribution that a wider range of skills, knowledge and experience will bring to our hockey club. New ideas, innovation, creativity, problem solving, continuous improvement processes will be enhanced by groups of people with different ideas working together.

HHC endorses Hockey Victoria’s Inclusion Policy, which can be found [here](#).
